Overview

The goal of this course is to familiarize students with the operation of a large emergency vehicle. Students will learn the characteristics affect the operation of the vehicle and familiarization to the physical size of the vehicle. Students will learn areas and utilizing safe driving principles and defensive driving techniques.

This Program, featuring our new Emergency Vehicle Driving Simulator, provides realistic learning experiences in a safe environment and natural behaviors from the Student.

To prevent issues during your Online Course, it is suggested that you use the most current edition of Google/Chrome as your Internet Browser.

CLICK on the Gold Package below to begin viewing the components of DRIVE Fire Level I
