FIREFIGHTING PROGRAM

The IFSI Firefighting Program offers realistic, hands-on training opportunities for first responders that are designed to meet the needs of all skill levels. Firefighting Program courses provide students with an immersive learning experience.

FSI.ILLINOIS.EDU

Training for the Basic Operations Firefighter/ NFPA Firefighter I Blended program is funded by the Office of the Illinois State Fire Marshal (OSFM) through an appropriation of agency funds. OSFM granted these funds for the purpose of supporting basic firefighter certification.

FIRE ACADEMY

IFSI serves as the State Fire Academy. The seven-week Basic Firefighter / NFPA Firefighter I Academy gives new firefighters the practical and cognitive training needed to operate safely and effectively on the fireground. The IFSI Fire Academy focuses on an intense hands-on approach to firefighting, which promotes both skill competency and an understanding of the fireground.

BASIC OPERATIONS FIREFIGHTER / NFPA FIREFIGHTER I BLENDED

The Basic Operations Firefighter / NFPA Firefighter I Blended course gives firefighters the practical and cognitive training needed to operate safely on the fireground. The 18-week course is delivered through a unique and flexible schedule format featuring 9 practical weekend sessions and online learning. Students complete the coursework through an instructor supported online classroom. Practical weekend sessions are offered simultaneously across the state, eliminating a need for students to travel long distances to complete the training.

SPECIAL OPERATIONS TRAINING PROGRAM

The IFSI Special Operations Training Program (SOTP) delivers technical rescue and hazardous material training to first responders. Courses offer an elite and immersive training experience that challenge even the most experienced students. IFSI SOTP is recognized as a global leader in technical rescue and hazardous material training.

NATIONAL INCIDENT MANAGEMENT SYSTEM (NIMS)

NIMS offers incident management to organizations throughout the State of Illinois. The program focuses on advanced training for the eight command and general staff positions and the development of incident action plans to support preparedness, response and recovery activities at the local and state level.

LEADERSHIP DEVELOPMENT AND DECISION MAKING (LDDM)

The LDDM program is designed to be “cradle-to-grave” fire service leadership development/decision-making training and education continuum that has consistent themes, priorities, and lines of education in order to institutionalize the highest-quality leadership in the fire service. Each level within the LDDM Program is provided relevant opportunities for development, which are specific to their rank across seven common Lines of Education (LOE).

RESILIENCY

The purpose of the IFSI Resiliency Project is to positively impact the health and resilience of every first responder who participates in classes.

Courses offered are designed to provide support for first responders at any stage of their career with the necessary tools to respond in a resilient way to the stressors that come with the job as well as stress from off the job. Focusing on cutting-edge science, students will see how stress can damage the brain and body, and also how to recover from the damage.

SPECIAL EVENTS

IFSI offers affordable, hands-on training experiences throughout the year. Each year, special event programs like Winter Fire School, Fire College and the Explorer Cadet Fire School bring over 1,000 students to the Champaign training grounds. The diversity of these programs allows IFSI to serve students from across the state and country.

The Cornerstone Program delivers fundamental training to local fire departments, MABAS Divisions and Mutual Aid Associations throughout the state.

Training is coordinated through eight IFSI Regional Representatives. Courses are funded through the Office of the Illinois State Fire Marshal and available at no cost to students or fire departments.

REGIONAL REPRESENTATIVES
